

What to ask your councillors?

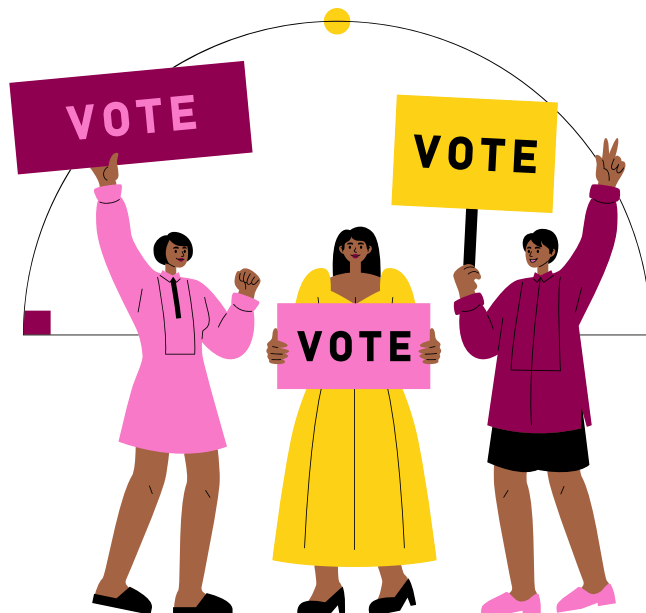

Ahead of the local elections on 2 May 2024, you may get a knock on your door from a potential election candidate. They want to talk to local people like you and try and get your vote. This is an opportunity to ask them some questions about their ideas for a better society.

It is also a chance for you to talk about your own experiences and views. If you are comfortable doing this, go ahead!

Tell them what you think should be done and why. Women's voices are often sidelined in politics.

They need your vote, what do you need from them?
